Those Repair Guys have been working independently for almost 20 years and came together in 2008. For years we have been installing decks, hot tubs, landscaping and producing quality renovations. We do typical home renovations such as kitchens, basements and bathrooms as well as backyard projects like decking and landscaping. Our focus however is on the smaller jobs that other contractors are not willing to do. We prep homes for sale by repairing all the little things that add up – paint touch-ups, drywall repairs, backsplash installations, flashing, parking repairs as well as general yard & home clean-up and even finance some home prep projects OAC.
